

Spiritual, Moral, Social & Cultural Development and British Values

<p>Our spiritual development is our ability to be reflective about our own beliefs, religious or otherwise. It is also our sense of enjoyment and fascination in learning about ourselves, others and the world around us. It is about developing awe and wonder about our amazing world.</p> 	<p>Our moral development is shown by our ability to recognise the difference between right and wrong. We use this to make the right choices and understand the consequences of our actions and behaviour.</p> 
<p>Our social development is how we learn to work and play together. This includes how we cooperate in groups, in classes, in year groups and in our whole school community.</p> 	<p>Our cultural development is finding out about and celebrating how other people live their lives, both now and in the past. Tolerance, respect and understanding of different faiths and cultures helps us to treat everyone equally. This prepares us for life in modern Britain.</p> 
<p>Democracy is when a group of people have equal rights and the freedom to choose how they are treated, rather than when one person has all the power and makes all the decisions. We have a 'voice' at school, which means that we can help make decisions for positive change.</p> 	<p>Rule of Law means that all people are ruled by the same laws which help to keep us all safe and happy. Our behaviour system helps us to understand right from wrong and that our actions have consequences.</p> 
<p>Individual Liberty is when people have the freedom to choose their faith, beliefs, likes and dislikes. At school, we listen to and respect each other's opinions and beliefs.</p> 	<p>Our Learning Power Words</p> <p>Responsible Resilient</p> <p>Independent Respectful</p> <p>Resourceful Confident</p>
